Dear Parent / Guardian

After the end of the school day yesterday, we received notice to say that today should be the last school day for all learners. Learners have received the holiday work. Our learners are ready to rest, but the holiday is also long enough for them to do some work before school starts on 14 April.

The learners who came to school faithfully until the last day and those who will be able to show their teachers at the beginning of next term that they have done all the work, will get a token to wear civvies on a specific Friday.

Please encourage your child to do the work and check that your child does the work.

Regards

Mrs M Van Wyk
Principal
